About us

Already for more than 30 years, we have been a reliable and supportive partner for our large number of customers who are in search of solutions to problems revolving around the pharmacy.

Apart from performing pharmacy liquidations, we also distribute complete or partial pharmacy furnishings and fittings as well as laboratory and formula equipment. In addition to this, we broker used dispensing machines of all brands.

The liquidation of a pharmacy, the selling of the furnishings or the utilisation of the stock levels is frequently accompanied by great effort. In most cases, there is not enough time to sell the existing furnishings or the remaining merchandise on stock. In many cases, this is also involves financial losses.

The benefit for all parties involved is obvious: our national presence, weekly advertisements in the "Pharmazeutische Zeitung" (Pharmaceutical Newspaper) and the publication in our Internet shop offer customers the opportunity of generating money for existing furnishings, the complete warehouse or the still available stock remainder. The purchasers, on the other hand, can procure sliding cabinets, furnishing elements or laboratory equipment at affordable prices.

We are looking forward to receiving your order!

Your Bernd Schuffenhauer GmbH Team

Our Range of Services

Liquidation of Pharmacies

We take care of the complete liquidation of pharmacies, which covers everything from clearing out, disassembly & removals of the furnishings, right up to the broom-clean handing over of the rooms.

Pharmacy Furnishings and Fittings

We take over functional, recyclable items: conditionally, this refers to furniture from the community pharmacy, mainly, however, to drawer cabinets, laboratory furniture and laboratory equipment, in accordance with the Pharmacy Practice Order, as well as literature, if applicable.

We deliver & assemble used drawer cabinets, laboratory furniture, laboratory and formula equipment, literature and other items of furniture, e.g. storage vessels, bottles, pharmacy tins, etc. for new and branch office set-ups.

Independent brokerage of used dispensing machines

We support you with the purchase and sale of used dispensing machines.

Brokerage of existing pharmacies (tenancy/purchase)

We assist you with the purchase and sale of existing pharmacies.

Pharmaceutical wholesale

(wholesale permit in accordance with § 52a, Par.1)

We broker the complete merchandise stocks from pharmacy liquidations.

We take pharmaceuticals from pharmacy liquidations that are not taken back by wholesale trade, on commission, subject to the prerequisite that the pharmaceuticals can still be sold and have a guaranteed shelf-life of 8 months.

Invoicing of the sold products ensues on a quarterly basis. Expired pharmaceuticals are released for destruction or, should this be desired, the products are returned to the customer.

We do not take over:

- Expired medicinal products
- Refrigerated items, Veterinary medicine and narcotic substances
